RE: Dassel Clinic
Dassel MN

Dave:

Enclosed is information on the Minnesota Architectural Foundation per our discussion.

I want to take this opportunity to tell you that you did an excellent job developing the Dassel Clinic— all parties are very pleased. In the selection process there is always some risk in endorsing a candidate. I did not feel much risk in your case, but it is still gratifying to see that all has turned out splendidly.

It was a pleasure working with you and your team. Have a very Merry Christmas and a successful New Year.

Sincerely,

FACILITY PLANNING SERVICES, INC.

Jim Lammers, FAIA
