To Whom It May Concern:

Please consider this a letter of endorsement for the Source Group.

Hutchinson Area Health Care (HAHC) looked to this company to build a medical clinic in Dassel, Minnesota. We asked them to complete this building within a very demanding time frame, on an equally demanding budget.

I am pleased to report that Source Group came through with flying colors. They met the timeframes as promised and delivered a well-built clinic building that will meet our need well into the future. Also, HAHC staff who worked closely with the Source Group staff report that the relationship has been very positive and that Source Group was responsive to our requests.

Therefore, I am pleased endorse Source Group, and would be happy to provide further details as needed.

Sincerely,

Mary Ellen Wells  
President and CEO
